Environmental Board  
Division of Environmental Protection  
Division of Recreation  
Interagency Committee on Natural Resources  
Natural Resource Conservation Council

March 15, 1971

Mr. Robert B. Williams, Secretary  
Agency of Environmental Conservation  
Montpelier, Vermont 05602

Dear Bob:

At its meeting on March 10 the Environmental Board voted unanimously to adopt the following rules, which we will duly publish and follow the guidelines of the Administrative Procedures Act:

The Environmental Board will not require the payment of a fee for an application for the installation of a water or air pollution abatement facility or private enterprise if said facilities are ordered or approved by the Agency of Environmental Conservation.

I would be glad to meet with you at any time to discuss the implications of this decision.

Sincerely,

*Handwritten signature of Robert S. Babcock, Jr.*
