Act 250 Jurisdictional Opinion
#4-299

This is a Jurisdictional Opinion based upon available information and a written request from the Landowner/Agent or Other Person. Any Notified Person or entity will be bound by this opinion unless that person or entity files a request for reconsideration with the District Coordinator (10 V.S.A. § 6007 (c) and Act 250 Rule 3 (b)) or an Appeal with the SUPERIOR COURT, Environmental Division within 30 days of the issuance of this opinion

I hereby request a jurisdictional opinion from the District Coordinator or Assistant District Coordinator regarding the jurisdiction of 10 V.S.A. Chapter 151 (Act 250) over the project described below: Lani Ravin, UVM, Campus Planning Services

PROJECT DESCRIPTION:

The project includes improvements at the University of Vermont ("UVM") Hillel building located at 439 College Street in Burlington, Vermont. The building at 439 College Street was constructed in the early 1920s and is located within the boundaries of the University Green Historic District which is listed on the National Register for Historic Places. The proposed project includes the replacement of an existing catch basin and connecting the catch basin to an existing stormwater network. The project includes ground disturbance.

Existing Act 250 permit: Permit series 4C0852, and 4C0571, but none specifically for this property

Project Type: Commercial Residential Municipal/State Mixed
 Agriculture Silviculture Other

Has the landowner subdivided before? Yes No N/A

AN ACT 250 PERMIT IS REQUIRED: YES NO

BASIS FOR DECISION:

In a letter dated March 23, 2021, the Vermont Division for Historic Preservation ("VDHP") determined that the project may affect subsurface historic sites, and VDHP recommends that a qualified archaeologist oversee the construction of the project.

Based on the available information, the project as proposed constitutes a substantial change to a pre-existing project. Therefore, the project requires a permit amendment.
